STORYTIME:

Once upon a time, there was a man named Armando. He had a love for cooking authentic Mexican and Cuban food for his friends. Nothing felt better than seeing his friends smiling while eating his food, and sharing a beer with buddies after a long day.

One day, Armando met a couple (Laz and Gina) who were entrepreneurs and who recently moved to Live Oak from Miami. They missed the authentic flavors of home, and found that Armando had a special gift. They became fast friends, enjoyed talking about the future, and decided

to go into business together by creating a place people could gather and enjoy spending time together over a beer and food that just makes you feel good. That was when Armando's Mexican Bar & Grill was born.

We want to thank you for joining us today. We hope you feel at home, and we hope it feels like you're just hanging out with friends sharing a beer and tacos. That's literally why we took the risky plunge of opening a restaurant. Running a business through COVID hasn't been fun, but we hope you still feel the love in every dish, every party, every beer on the patio. We look forward to spending fun times with you, your family & friends for years to come!
